SUBSCRIPTION AGREEMENT

TO: FIERA QUANTUM LIMITED PARTNERSHIP (the "Manager") as Manager of the FIERA QUANTUM DIVERSIFIED ALPHA FUND (the "Fund")

1. Acceptance of Purchase

The Subscriber acknowledges that the Manager must receive this duly completed Subscription Agreement, together with payment for the Units and any other required documents on or before 4:00 p.m. (Toronto time) on the last Business Day immediately preceding the applicable Valuation Date (the "**Subscription Deadline**"), prior to the proposed issue date of the Units subscribed for. If a completed Subscription Agreement together with payments for the Units is received on or before the Subscription Deadline, the Subscriber will be admitted at the applicable Class Net Asset Value per Unit (as defined in the Principal Documents). If a completed Subscription Agreement or payment for the Units is received after the Subscription Deadline, the Subscriber will then be admitted at the applicable Class Net Asset Value per Unit as at the immediately following Valuation Date. The Manager, in its discretion, may accept subscriptions after the Subscription Deadline to admit subscribers at the Class Net Asset Value per Unit for the current month-end.

All subscriptions for Units will be made through the purchase of interim subscription receipts at a fixed net asset value of \$100 per subscription receipt. Following the calculation of the Class Net Asset Value per Unit, the interim subscription receipts will be automatically converted, without any further action on the part of the Subscriber, into the appropriate number of Units of the applicable Class as per this Subscription Agreement. The number of Units received upon the conversion of the interim subscription receipts will be the net subscription proceeds divided by the applicable Class Net Asset Value per Unit. Consequently, the initial purchase confirmation will confirm the purchase of the interim subscription receipts while a subsequent confirmation will confirm the final number of Units purchased by the Subscriber. The number of interim subscription receipts will be different from the final number of Units so purchased. The interim subscription receipts are not redeemable, do not carry any voting rights and do not earn or pay interest or any other return.

The Subscriber acknowledges that participation in the Fund is subject to acceptance of this Subscription Agreement by the Manager, to valid payment of the subscription price and to certain other considerations as set forth in the confidential offering memorandum of the Fund dated February 19, 2014 (as amended, restated or supplemented from time to time, relating to the offering of the Units, the "**Confidential Offering Memorandum**") and in the Declaration of Trust of the Fund amended and restated June 28, 2013 (the "**Declaration of Trust**") (the Confidential Offering Memorandum, the Declaration of Trust and this Subscription Agreement, collectively, the "**Principal Documents**"). The acceptance of the subscription of the Subscriber by the Manager is conditional, among other things, upon the execution and delivery of this Subscription Agreement.

If this subscription for Units is not accepted, this Subscription Agreement and any payment representing subscription monies shall be returned promptly to the Subscriber without interest or deduction at the address indicated by the Subscriber on the face page of this Subscription Agreement.

If, before acceptance of a subscription, any change is made to any of the agreements referred to under the heading "Material Contracts" in the Confidential Offering Memorandum, or any change occurs with respect to any information contained in the Confidential Offering Memorandum, and, in either case, such change would reasonably be expected to materially and adversely affect a Subscriber's decision to invest in Units, the Manager will notify the Subscriber of such change prior to the closing of the subscription for Units. A Subscriber, in such event, will be entitled to withdraw its subscription by written notice to the Manager no later than midnight (Toronto time) on the second Business Day after receipt by the Subscriber of notice of the change.

2. Conditions of Closing

In consideration of the Manager accepting this Subscription Agreement and conditional thereon, the Subscriber on its behalf and, if applicable, on behalf of others for whom it is contracting under this Subscription Agreement:

- (a) agrees to complete, execute and deliver and agrees to cause any purchaser for whom it is acting to complete, execute and deliver to the Manager all relevant documents required by applicable securities legislation, as the sale of the Units will not be qualified by a prospectus or similar document filed in any jurisdiction and the Units will be subject to resale restrictions under such securities legislation and related policies;
- (b) understands that if the Subscriber is not purchasing the Units as principal for its own account, in the absence of an available exemption, each beneficial purchaser who is acquiring the Units as principal for its own account must ensure the availability of an exemption from the prospectus requirements of applicable securities legislation with respect to such purchase, and each such purchaser, and not the Subscriber (unless the Subscriber is an authorized agent with power to sign on behalf of the beneficial purchaser), must execute all relevant documentation, including this Subscription Agreement and all documentation required by applicable securities legislation with respect to the Units being acquired by each such purchaser as principal;

- (g) acknowledges that the Subscriber has been advised to consult its own legal, investment and tax advisors with respect to the merits and risks of investment in the Units and applicable resale restrictions;
- (h) acknowledges that the Subscriber is responsible for obtaining such legal advice as the Subscriber considers appropriate in connection with the execution, delivery and performance by the Subscriber of this Subscription Agreement and the transactions contemplated hereby;
- (i) acknowledges that the offer made by this Subscription Agreement is irrevocable but does not require acceptance by the Manager; and

Fiera Quantum Limited Partnership

Client Relationship Information Disclosure

March 2015

General

National Instrument 31-103 – *Registration Requirements, Exemptions and Ongoing Registrant Obligations* (“**NI 31-103**”) requires securities advisers and dealers to disclose information that a reasonable investor would expect to know about the client’s relationship with the registrant, including any material conflicts the registrant or its representatives may have with a client. These regulations require advisers and dealers to provide this disclosure to clients prior to making any trades.

Registration

Fiera Quantum Limited Partnership (“**FQLP**” or the “**Firm**”) is registered with the Autorité des marchés financiers (“**AMF**”) and the Ontario Securities Commission (“**OSC**”) as an investment fund manager, portfolio manager and exempt market dealer. FQLP is also registered with all other Canadian securities authorities as exempt market dealer, except in the Northwest Territories, Yukon, and Nunavut, and with the Financial Services Regulation Division of the Government of Newfoundland and Labrador (“**FSRNL**”) as investment fund manager. The AMF is the principal regulator of the Firm. In addition, FQLP is registered as commodity trading manager in the province of Ontario pursuant to the *Commodity Futures Act* (Ontario) (“**CFAO**”) and as derivatives portfolio manager in the province of Québec pursuant to the *Derivatives Act* (Québec) (“**QDA**”).

The Firm Business Activities

FQLP is an investment management firm that manages and advises investment funds (the “**FQLP Funds**”) using proprietary strategies, systems and technologies. The target market for the FQLP Funds is high-net-worth individuals and institutional clients. FQLP uses sophisticated and complex processes and structures in the management of the FQLP Funds.

Units of the FQLP Funds are exempt market securities and can only be sold to investors who meet an exemption under National Instrument 45-106 – *Prospectus and Registration Exemptions*. Issuers of exempt market securities generally do not have to file a prospectus.

FQLP also acts as investment fund manager and portfolio manager of the Fiera Quantum Income Opportunities Fund, an investment fund governed by National Instrument 81-104 - *Commodity Pools* (“**NI 81-104**”) and National Instrument 81-102 - *Mutual Funds* (“**NI 81-102**”) (the “**FQIOF**”). Units of the FQIOF are offered by prospectus. To buy units of the FQIOF you must contact the representative of a dealer qualified to sell units of commodity pool funds.

As an exempt market dealer, FQLP can trade exempt market securities. There are risks associated with exempt market securities. Exempt market securities may not be listed on any stock exchange which could restrict your ability to resell them. There could also be a lockup period that applies to the security which restricts you from trading, selling or transferring the security. In addition, FQLP may sell the securities of Related Issuers (as defined below), including the FQLP Funds.

The contractual agreement regarding your investment in the FQLP Funds is between you and one or more FQLP Funds. In order to invest in the FQLP Funds, you must enter into a subscription agreement with the applicable FQLP Funds.

Suitability of Investments

Investments in the FQLP Funds may not be suitable for all clients. FQLP will make a determination to ensure the proposed investment is suitable for you. To assess the suitability of the proposed investments, FQLP will obtain information from you relating to your investment objectives, risk tolerance, investment knowledge, financial situation, and other relevant factors.

The Firm will collect, use, and distribute client information only to meet its obligations to its clients, to better serve the client’s investment needs, and to satisfy regulatory requirements under securities legislation and anti-money laundering legislation.

Disclosure Concerning Potential Conflicts of Interest

Related or Connected Issuers

Considering the facts exposed above under the heading "Related Companies", Fiera Capital, NBC and DFC may be considered Related Issuers (as defined below) to the Firm. Fiera Capital may also be considered as "connected issuer" to the Firm as the Firm entered into a loan agreement with Fiera Capital pursuant to which Fiera Capital lent money to the Firm.

Pursuant to securities legislation the terms "connected issuers" and "related issuer" are defined as follows:

"Connected Issuer" means, in respect of the Firm, an issuer or a selling securityholder distributing securities, if the issuer, the selling securityholder or any related Issuer thereof, has any indebtedness to: (i) the Firm; (ii) a Related Issuer of the Firm; or (iii) a director, officer or partner of the Firm; or (iv) a director, officer or partner of a Related Issuer of the Firm. It also means, in respect of the Firm, an issuer or a selling securityholder distributing securities, if the issuer, the selling securityholder or any Related Issuer thereof, as any other type of relationship with any of the above-mentioned persons that would be material to a prospective purchaser of such securities. Accordingly, an issuer is "connected" to the Firm if, due to indebtedness or other relationships, a prospective purchaser of securities of the Connected Issuer might question the Firm's independence from such Connected Issuer.

"Related Issuer" a person or company is a "related issuer" of another person or company if (i) the person or company is an influential securityholder of the other person or company, (ii) if the other person or company is an influential securityholder of the other person or company or (iii) if each of them is a related issuer of the same third person or company. In this context, the "influential securityholder" means having the power, to exercise a controlling influence over the management and policies of a person or company, whether alone or in combination with one or more other persons or companies, whether through ownership of voting securities or otherwise.

Associated Issuers

NI 31-103 restricts an adviser from purchasing, on behalf of a portfolio it manages, securities of an issuer in which its partner, director or a person having access to investment decisions made by the adviser (collectively a “**Responsible Person**”) if such Responsible Person or any associate (as such term is defined in NI 31-103) of this Responsible Person acts as partner, officer or director of the issuer (an “**Associated Issuer**”) unless this fact is disclosed to the client and the written consent of the client is obtained before the purchase.

It is the Firm’s policy not to invest in the securities of Associated Issuer.

Procedures for Minimizing Potential Conflicts of Interest

The Firm ensures that fair and reasonable policies exist and are implemented for the management of conflicts of interest specific to portfolio management activities, such as fair allocation of securities, soft-dollar payments, proxy voting, compensation and expense allocation practices, error correction, confidentiality of information, trade allocation and best execution.

The Firm’s representatives may, in the normal course of their duties, find themselves in situations where their personal interests conflict with those of one or more clients of FQLP.

Under the Compliance Manual of the Firm, the interests of clients take precedence over those of FQLP and its representatives as a matter of basic principle.

The Compliance Manual of the Firm set forth standards that guide the conduct of its representatives. These standards prohibit them from: using confidential information acquired in the course of or in connection with their duties, or exploiting a situation, for the purpose of obtaining an advantage of any kind; accepting or giving gifts, entertainment and compensation that could influence decisions to be taken in the course of performing their duties; engaging in outside activities that could interfere or conflict with their duties at FQLP; engaging in any activity or holding an interest in any business or participating in any partnership that may hinder or appear to hinder their independence of judgment in the best interest of clients of FQLP.

FQLP’s representatives must disclose to the clients concerned any conflict of interest and any personal interest in a security or other investment that can be expected to affect their capacity to advise them objectively and impartially.

FQLP’s representatives must also disclose to their employer any situation that can be reasonably expected to hinder them in the performance of their duties or in their capacity to give objective and impartial advice.

FQLP ensures that its employee compensation practices are not inconsistent with its obligations to its clients.

In addition, the Firm established the following policies aimed at avoiding any conflicts of interest that may arise as a result of the Firm’s relationship with Related Issuers and/or Connected Issuers and ensuring that all investment decisions and their execution are made in the best interest of the clients of the Firm:

- All investment decisions relating to purchases and sales of client portfolio securities will be made in the ordinary course of business without involvement of any Related Registered Entities, Related Issuers or Connected Issuer. The Firm will maintain operational and decision-making autonomy in the management of clients’ funds and the selection of portfolio investments.
- Investment decisions will be made on the basis of the business judgment of responsible portfolio managers uninfluenced by considerations other than the best interest of the clients.
- The Related Registered Entities, or any of their related or affiliated entity, or the directors, officers or employees of these companies, will not, directly or indirectly, participate in the formation of, or influence, the investment advice provided to clients by the Firm.
- Subject to applicable securities legislation, the Firm may from time to time, purchase securities of Related Issuers or Connected Issuers for clients’ portfolios.

- The Firm may, from time to time, advise its clients with respect to the purchase and sale of any securities of any Related Issuer and/or Connected Issuer referred to herein. However, the Firm will only do so if it considers a purchase or sale to be in the best interests of its clients.

Fees and Commissions

FQLP receives management fees from the FQLP Funds for managing and advising the FQLP Funds.

The fees are based on assets under management, fund appreciation, and performance fees may be paid. The details of the fees are clearly outlined in the offering memorandums of each of the FQLP Funds.

As the manager of the FQLP Funds, FQLP pays commissions to registered dealers which sell the securities of the FQLP Funds. FQLP does not charge a fee or commission to its clients when it acts as exempt market dealer in connection with the purchase of units of the FQLP Funds.

Borrowed Money

Using borrowed money to finance the purchase of securities involves greater risk than a purchase using cash resources only. If you borrow money to purchase securities, your responsibility to repay the loan and pay interest as required by its terms remains the same even if the value of the securities purchased declines.

Account Reporting

You will receive reporting with respect to your investments in the FQLP Funds in the form of trade confirmations and account statements. You will receive a trade confirmation promptly for each trade (purchases and sales of units of FQLP Funds). The administrator of the FQLP Funds will also send you an account statement once a month for each FQLP Fund in which you are invested in.

Referral Arrangements

In the course of its activities, the Firm may enter into arrangements whereby it pays or receives compensation for client referrals. The following information is communicated to you in writing when a referral arrangement is concluded by the Firm:

- the name of each party to the referral arrangement;
- the purpose and material terms of the referral arrangement, including the nature of the services to be provided by each party;
- any conflicts of interest resulting from the relationship between the parties to the referral arrangement and from any other element of the referral arrangement;
- the method of calculating the referral fee and, to the extent possible, the amount of the fee;
- the category of registration of each registrant that is a party to the agreement, with a description of the activities that the registrant is authorized to engage in under that category and, giving consideration to the nature of the referral, the activities that the registrant is not permitted to engage in;
- if a referral is made to a registrant, a statement that all activity requiring registration resulting from the referral arrangement will be provided by the registrant receiving the referral;
- any other information that a reasonable client would consider important in evaluating the referral arrangement.

If there is a change to the information set out above, the Firm must ensure that written disclosure of that change is provided to you if you are affected by such change as soon as possible and no later than the 30th day before the date on which a referral fee is next paid or received.

Independent Dispute Resolution

Independent dispute resolution or mediation services are available to you. This will help you deal with any potential disputes that may arise from the services offered by the Firm to you. As a client, you have the right to send a written complaint directly to the Firm in accordance with our internal procedure for handling complaints and resolving disputes.

If this internal process does not help you to reach a satisfactory settlement and if you reside in Québec, the AMF also offers free mediation services. In this context, you can ask the Firm to send your written complaint directly to the AMF so that it can analyze your case and recommend recourse to the mediation where appropriate.
